

REPSOL – MONTESA HRC

Repsol-Montesa HRC and Dougie Lampkin sign for two more years.

Santa Perpètua de Mogoda (Barcelona, Spain), 23.12.2005.- Repsol-Montesa HRC and Dougie Lampkin have extended their sponsorship agreement for two more years, until 2007. Repsol-Montesa HRC has sponsored Lampkin for the last six seasons, during which time he has taken his number of world championship titles to seven and his number of wins to a record 98 out of the 200 trials he's competed in. As a Montesa-HRC rider, Lampkin has also won two world titles on the indoor trials and has twice been the Spanish champion and the English champion.

It is very gratifying for Repsol-Montesa HRC to continue its relationship with Dougie Lampkin, who was born in Silsden (Great Britain) on 23 March 1976, son of the first ever world trial champion. Lampkin is a rider whose ambition knows no limits and who, on the Montesa-HRC Cota 4RT is ready to compete for another world title to add to what is, by far, the most extensive collection of titles in the history of the sport.

Dougie Lampkin: *"When, in the year 2000 I started to compete with this team, my objective was to equal Jordi Tarrés' seven world championships, which I managed in 2003. My objective now is to win again and beat this total. We have worked intensively with four-stroke engines this season with promising results. My motivation couldn't be higher. I'm confident that I can continue to count on the best technical and people set-up in the championships"*.

The Repsol-Montesa HRC team will start its new sporting season on 7 January in Sheffield (Great Britain), the first of the world indoor meetings.
